

Rabbit antibody to VPS26

Code	OSV00044G
ID Tag	Rb663-060908-G
Unit_size	500 Åµg
Immunogen	A synthetic peptide from the internal region of human VPS26 conjugated to an immunogenic carrier protein was used as the antigen. The peptide is homologous in rat and mouse.
Host	NZ white rabbit
Purity	IgG
Clonality	Polyclonal
Applications	IHC, WB. Use at a concentration of 10-50 µg/ml. The optimal dilution should be determined by the end user. Not yet tested in other applications.
Specificity	Specific for VPS26A.
Spcs_X_react	Mouse, rat, human. Other species not yet tested.
Format	Lyophilised
Reconstitution	Reconstitute in 500 µl of sterile water. Centrifuge to remove any insoluble material.
Preservatives	
Storage	Maintain the lyophilised/reconstituted antibodies frozen at -20°C for long term storage and refrigerated at 2-8°C for a shorter term. When reconstituting, glycerol (1:1) may be added for an additional stability. Avoid freeze and thaw cycles.
Expiry_Date	12 months after reconstitution
Limitation	For research use only
