

Rabbit antibody to SLC44A2

Code	OSS00318W
ID Tag	Rb1788-260512-WS
Unit_size	100 ul
Immunogen	A synthetic peptide from aa region of 2-100 of human SLC44A2 conjugated to blue carrier protein was used as the antigen. The peptide is homologous in rat and mouse.
Host	NZ white rabbit
Purity	Whole serum
Clonality	Polyclonal
Applications	IHC, WB (confirmed by recombinant protein). A dilution of 1: 200 to 1: 2000 is recommended. The optimal dilution should be determined by the end user. Not yet tested in other applications.
Specificity	Specific for SLC44A2.
Spcs_X_react	Human, rat, mouse. Other species not yet tested.
Format	Lyophilised
Reconstitution	Reconstitute in 100 ul of sterile water. Centrifuge to remove any insoluble material.
Preservatives	
Storage	Maintain the lyophilised/reconstituted antibodies frozen at -20C for long term storage and refrigerated at 2-8C for a shorter term. When reconstituting, glycerol (1:1) may be added for an additional stability. Avoid freeze and thaw cycles.
Expiry_Date	12 months after reconstitution
Limitation	For research use only
