

## Sheep antibody to GAPDH

Code OSG00034W

**ID Tag** Sh101-060908-WS

Unit size 100 ul

Immunogen A synthetic peptide from c-terminal of rat GAPDH conjugated to blue carrier protein was used as

the antigen. The antigen is homologous in mouse and shares 90% identity with human sequence.

**Conjugate** Unconjugated antibody

Also known 38 kDa BFA dependent ADP ribosylation substrate, BARS-38, Glyceraldehyde-3-phosphate

dehydrogenase

Host Sheep

Purity Whole serum Clonality Polyclonal

**Isotype** Polyclonal, whole serum

Applications WB, IHC. A dilution of 1:1000 to 1:5000 is recommended. The optimal dilution should be

determined by the end user. Not yet tested in other applications.

Specificity Specific for GAPDH

**Spcs X-react.** Rat, mouse, human. Other species not yet tested.

Format Lyophilised

Reconstitution Reconstitute in 100 ul of sterile water. Centrifuge to remove any insoluble material.

Storage Maintain the lyophilised/reconstituted antibodies frozen at -20C for long term storage and

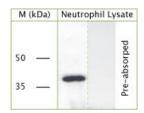

refrigerated at 2-8C for a shorter term. When reconstituting, glycerol (1:1) may be added for an

additional stability. Avoid freeze and thaw cycles.

**Expiry Date** 12 months after reconstitution

**Shipping** This item will be shipped to you at ambient temperature in a lyophilised form.

**Limitation** For research use only

WB on human neutrophil lysate using Sheep antibody to GAPDH (OSG00034W) at 1: 3000 dilution.
