

Rabbit antibody to DEFB-110

| | |
|-----------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Code | OSD00024W |
| ID Tag | Rb1017-280609-WS |
| Unit size | 100 µl |
| Immunogen | A synthetic peptide from n-terminal region of human Beta-defensin 110 (DEFB-110) conjugated to an immunogenic carrier protein has been used as the immunogen. |
| Conjugate | Unconjugated antibody |
| Also known | DB110, Defensin, beta 110, DEFB-10, Beta-defensin 10, Beta-defensin 111, Defensin, beta 111, DEFB-11, Beta-defensin 11, DEFB110, DEFB10, DEFB11, DEFB111 |
| Host | NZ white rabbit |
| Purity | Whole serum |
| Clonality | Polyclonal |
| Isotype | Polyclonal, whole serum |
| Applications | IHC, WB. Use at a dilution of 1:100 to 1: 2000. The optimal dilution should be determined by the end user. Not yet tested in other applications. |
| Specificity | Specific for Beta-defensin 110. |
| Spcs X-react. | Human, other species not yet tested. |
| Format | Lyophilised |
| Reconstitution | Reconstitute in 100 µl of sterile water. Centrifuge to remove any insoluble material. |
| Storage | Maintain the lyophilised/reconstituted antibodies frozen at -20°C for long term storage and refrigerated at 2-8°C for a shorter term. When reconstituting, glycerol (1:1) may be added for an additional stability. Avoid freeze and thaw cycles. |
| Expiry Date | 12 months after reconstitution |
| Shipping | This item will be shipped to you at ambient temperature in a lyophilised form. |
| Limitation | For research use only |
